Thank you for your support for *LifeLight Ministries*, a ministry dedicated to "Providing the *LifeLight of God's Word to this generation*". His contribution is absolutely essential in the delivery of the core purposes of this ministry. Your contributions are a huge affirmation to us. Thank you.

We live in a post 9/11 world and people are searching for answers. Schools in Northern Manitoba have never been as open to the distribution of God's Word as they are now! A huge hunger exists to fill that God void in many lives in your community.

During a recent distribution trip a public school religion teacher requested 20 Lifelight NIrV New Testaments, as she preferred them for studying. In another school the principal asked for five New Testaments that he wanted to show to the school board at the meeting that night. He said if he could, he would vote to use LifeLight Scriptures as they were easier to read and more attractive. The elementary school principal said the same thing.

Inner city ministries have wide open doors for God's Word in easy-to-read format. Youth ministries see 100s of unchurched kids every week. Many of them are anxious to get their own copy of *The LifeLight* or *How To Find God* New Testament. Both editions are easy to read accurate modern language editions that speak to the heart of searching souls.

Your participation is a Godsend for families all across Canada. I appreciate your support. You bless us with your prayers and your donations. I have enclosed an envelope for your next contribution, or you can go to www.DonateBibles.NET to make donations on-line. Please ask for your free copy of *The LifeLight* or *How to Find God* when you write. Then share it with someone who needs it.

May God bless you in whatever He gives you to do!

The LifeLight of God's Word for this generation
